

October 2023

Dear Parent/Carer,

I am proposing to order a range of Art equipment for your son/daughter to buy for use at home and at school to assist with their GCSE coursework. I will be buying these directly from the schools' suppliers so that you can benefit from their very reasonable prices.

I hope that by having their own basic equipment it will teach pupils to value and respect materials more, also they will be able to work in a wider range of media and techniques for homework tasks. We will of course continue to provide and make available all resources and materials for your son/daughter to use in the classroom.

The following list outlines the materials available to purchase, along with their prices. It is not necessary to purchase all the items if you already have materials, you can simply select the items you would like (along with quantity) when you order. If you wish to purchase any of the items listed, please complete the order form available on ParentmailPMX facility along with the associated payment. Once you have logged on, please enter the "Shop" where the material choices are available for purchase.

Please note that the minimum order is £5.00, I am afraid we cannot process orders less than this value.

Please ensure your order and payment has been made by the end of the school day on Wednesday 8th November 2023. Items will then be ordered accordingly and delivered to pupils thereafter.

Yours sincerely,

Mrs R Vine
Head of Art
