# Task 2: Now solve the maze using the "wall crawler" algorithm

Algorithm:

Step 1: Choose between left or right.

Step 2: If you chose left, enter the maze, turn left and progress by always hugging the wall on your left hand side. If you chose right, enter the maze and progress by always hugging the wall on your right hand side.

Task 2: Now solve the maze using the "wall crawler" algorithm

Algorithm:

Step 1: Choose between left or right.

Step 2: If you chose left, enter the maze, turn left and progress by always hugging the wall on your left hand side. If you chose right, enter the maze and progress by always hugging the wall on your right hand side.
